Innledning

Dette heftet inneholder fotografier tatt ved våre besøk på Skjetlein i april, august og november 2012, i forbindelse med vår masteroppgave om "Gammelfjøset" på Skjetlein videregående skole.

Gammelfjøset er under stor endring, da et prosjekt for ny bruk av bygningen innebærer at nordfløyen rives og bygges opp igjen.

Bildene fra april viser Gammelfjøset før rivingen av nordfløyen, mens bildene fra august er tatt mens fundamentene for den nye bygningen støpes. De siste bildene er fra november, der man kan se den nye nordfløyen under konstruksjon.

*Bilde 64, 65 og 66, samt bilde 72 fra låvebru er fra april. Grunnet store mengder lagret utstyr i vestfløyen i august, var det vanskelig å komme til for å få tatt bilder.
