Science and Technology

Title

Firstname Lastname

Master of Science in Mathematics

Submission date: April 2013

Supervisor: Firstname Lastname, Affiliation

Norwegian University of Science and Technology
Department of Mathematical Sciences

Preface

Here, you give a brief introduction to your work. What it is (e.g., a Master's thesis in RAMS at NTNU as part of the study program xxx and...), when it was carried out (e.g., during the autumn semester of 2021). If the project has been carried out for a company, you should mention this and also describe the cooperation with the company. You may also describe how the idea to the project was brought up.

Trondheim, 2012-12-16
