

Masoud Ghorbaniyan
NTNU
Norwegian University of Science and Technology
Faculty of Engineering Science and Technology
Department of Energy and Process Engineering

Master's thesis
Trondheim, 2011

Master's thesis

Masoud Ghorbaniyan

Experimental Program for the
validation of the design of a 150KWth
Chemical looping Combustion
reactor system with main focus on
the reactor flexibility and operability

Trondheim, July 2011
