Takimi

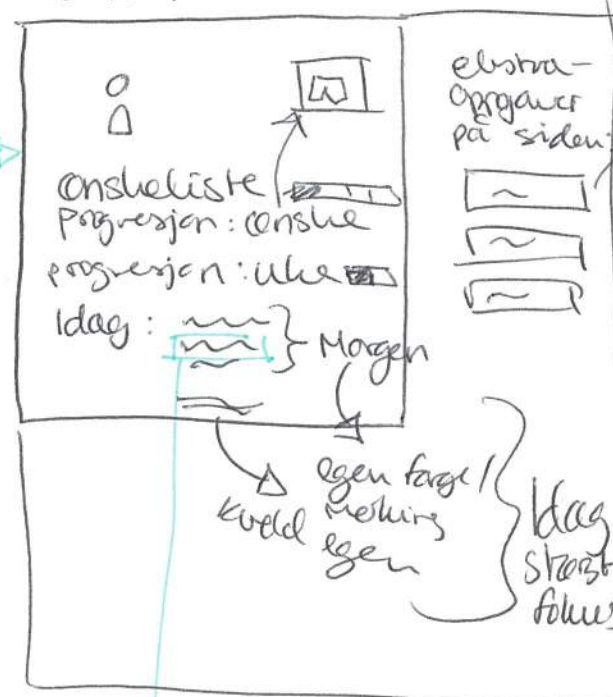

Takimi er et ^{digitalt} verktøy for hele familien som gjør hverdagen litt enklere! Ukentlige Takimi-møter gjør det lett å planlegge ~~u~~ og fordele ukas oppgaver. Både små og store samler poeng i løpet av uka, som de kan bruke til sparring eller ~~små~~ ønskelista.

Takimi kan enten ~~bli~~ brukes fra en felles enhet som et nettbrett, eller brukes fra enkeltmish
