Profile

Citymob is a software provider for mobile application, offering complete tailor made solutions designed for customer needs. In other words we transform your ideas into competitive real life solutions. We offer you an international team of professional competence in the field of mobile data services, interactive entertainment and software development. Our management has built on competence by completing Master of Science educations from Norway and Germany's top Universities. Competence through top class education combined with a dedicated and sincere interest for the provided products, makes our customers safe in the belief that they can trust in the results of our cooperation.

Info

The non-profit company UnternehmerTUM GmbH supports CityMob as an incubator. It is thanks to them that we have built up a network of partners, and the know-how of succeeding as an innovative company in the field of mobile content. CityMob also has a strong collaboration with the Technical University of Munich, and the Norwegian University of Science and Technology.
