Certified Products

The Wi-Fi CERTIFIED logo is your only assurance that a product has met rigorous interoperability testing requirements to ensure that compatible products from different vendors will work together. Look for the Wi-Fi CERTIFIED logo with color-coded Standard Indicator Icons (SII) on product packaging, or search through our web site listing of CERTIFIED products before making a Wi-Fi purchase.

"Do not buy any equipment that isn't Wi-Fi CERTIFIED -- you will end up tossing it."

-- Michael Disbato, Burton Group (IT analyst firm)
