Week Report #8

Week of the year: 10

Date written: 14.04.2020

Done this week:

- Made weekly report 7.

- Improved the new FOW visualizer using already existing Dwarfheim solutions.

- Optimized FOW refreshing/updating.

- Implemented Spatial Indexing for who to update FOW of using Unity Colliders.

Project Status:

- Results: Good

- Calendar time: Good

- Work time: OK

Problems:

- Worked a little less this week too.

Solutions:

- Work more!

Tasks next week:

- Optimize the solution, probably using parallelization.
