

Sprint 6 (16.04.21 - 30.04.21)

Dato	Tid	Timer	Navn	Arbeidsoppgaver	Resultater
17/04-2021	09:00 - 10:30 16:00 - 18:30	1.5 2.5	Espen	Jira Issue Jira issue	Du MÅ velge 2 bord for 3+ guests eller storebordet. Bug på available tables (fremsiden)
19/04-2021	08:00 - 16:00	8	Bjørn	Testing and removing the login button when you already are logged into the admin-view Writing on chapter 5 of the bachelor	Closer to solving the Jira issues Written 4 pages
19/04-2021	08:00 - 16:00	8	Pernille	Information about reservation (table GUI and confirm the reservation) more responsive on smaller screens. Replace personal information in the database after the reservation is over (1 day after) with an empty string. Report: chapter 3 method, section 3.6 project architecture.	Easier to see the information about the restaurant on smaller screens. Personal data gets deleted from the database, but information about the reservation (date, table, times) gets kept for future analysis.
20/04-2021	08:00 - 15:15		Pernille	Information about new reservation in "new reservation" popup Report: chapter 3 method. Accessibility and usability, more writing in earlier sections.	
20/04-2021	08:00 - 16:00	8	Bjørn	Fixed testing	
21/04-2021	08:00 - 16:00	8	Pernille	Some work on testing with Bjørn. Admin log in button removed when admin is logged in and on reservation list and reservation list current day. Visible if admin goes back to the front page. Some minor adjustments to table GUI and confirm the reservation (mainly reservation info). Updated GDPR message to include usage. Research on open API.	
21/04-2021	08:00 - 16:00	8	Bjørn	Writing on the bachelor	
22/04-2021	08:00 - 17:00	9	Bjørn	Alot more writing on chapter 5	
23/04-2021	11:30 - 15:45	4.25	Espen	Rapporten	
26/04-2021	08:00 - 16:00	8	Bjørn	Working on the hashing and log in to admin Improved Emailer service, reservation Email I started on chapter 4 of Bachelor.	
26/04-2021	08:00 - 16:00	8	Pernille	Popup with info (date, from, to, table, name) when a new reservation is added. Replaced alert with a popup for reservations within the next hour—used socket.	

26/04-2021	08:00 - 17:15 18:00 - 19:30	9.25 1.5	Espen	Rapport. Jobba med bug på framsida Fiksa bug på available tables på framsida	
27/04-2021	08:00 - 16:00	8	Pernille	Work on bug with new reservation popup. Report chapter 3	The bug is not fixed.
27/04-2021	08:00 - 16:00	8	Bjørn	Added Bcrypt hashing and compared check on login Added captcha form checker Make the App into An PWA that you now can download ass an app in android and iPhone, or for desktop	
27/04-2021	08:00 - 13:00 19:00 - 21:30	5 2.5	Espen	Bugfix on available tables. Bugfix table 10. Jira issue	
28/04-2021	08:00 -		Bjørn		
28/04-2021	08:00 - 16:00	8	Pernille	Report chapter 3. New reservation popup bug. Archive page. Signature svg	
28/04-2021	08:00 -16:00 18:30 - 19:45 20:30 - 23:30	8 1.25 3	Espen	Bugfixes. En retting leda til en ny feil. - Fikset fromTime blir endra fra fremsiden til table-gui - Automatisk update når en sletter en på dagens reservasjon - Ikke mulig å reservere bord som fra tidligere på dagen. - La til en sjekk på at du ikke kan gå videre når "Available tables = 0" Jobbet mer med 2 bugs som ble oppdaget underveis.	Bedre for kunden, og bedre for eieren 😊
29/04-2021	08:00 - 16:00		Bjørn	Wrote on chapter 4 of the bachelor, added the new signature, helped fix a available table bug	
29/04-2021	08:00 - 16:00		Pernille	Created svg signature. Created a demo for the "reservation within 1 hour" pop up. Worked on socket bug. Centered logo. Some work on the animation of the svg signature.	
29/04-2021	08:00 - 16:00		Espen	Retting av bugs. Pusha til master og ny build på serveren
